## In high spirits

The crowd agreed to a short opening ceremony and enjoyed the opening game

41 teams from 16 countries, this means a new record for European Youth Ultimate Championships. As the PA didn't work EUF Official Chris Dehnhardt stepped in and managed to get the attendance of around 870 participants. The players and coaches were called into the stadium of the ASV Cologne club in alphabetical order of their countries. Some nations like France and Great Britain sang their national anthems which contributed to the outstanding mood.

Three short speeches followed by Bernd Steegmann, first chairman of the Sports Association of the City Cologne, Chris Dehnhardt from the youth Ultimate committee and Dario Lucisano, the spirit chair of EUF and spirit coordinator of EYUC 2013.

Steegmann compared the concept of SotG to the human rights declaration. Dario repeated point 4 of the EUC participant agreement concerning self refereeing and responsibility.

## Great Britain defeats Germany

A worthy opening game in U17 Open division in front of a filled grand stand at the ASV Cologne stadium

Who would have guessed this might get that easy for GB? Germany missed to get a flow and had too many unforced errors. It seemed the German boys were slightly impressed by the official setting and maybe the high expectations, too. They had no chance and lost clearly 8:15. Great Britain convinced.

In a pretty athletic manner, controlled the air space and had always the tougher defense. Congratulations! Germany needs to find confidence in itself to reach the final again.

The Opening game set a brilliant standard in terms of spirit. Few justified calls were resolved quickly and the boys of both nations gave a good example of what youth Ultimate should like. Now all other teams are eager to start their first games!
